# facts & figures

## CLIENT

BAM, a global construction and civil engineering firm; and the British Antarctic Survey (BAS).

## LOCATION

US/UK/EU origins to King Edward Point, South Georgia and Rothera, Antarctica

## PROJECT PERIOD

2018 – 2026

## TOTAL CARGO WEIGHT / VOLUME

65,458 cbm

## SCOPE OF WORK

TGP was awarded multiple contracts for handling several phases of the Rothera Wharf Modernisation Project & King Edward Point Wharf Project. The scope included transportation of project base cargo via ice-class and polar-coded vessels from US/UK/EU origins to South Georgia and Antarctica. In 2026, TGP demobilises 17,800 cbm of waste and equipment from Antarctica to the UK.

Strict compliance to stringent biosecurity requirements by TGP's highly qualified team and providing comprehensive end-to-end logistics solutions to one of the most challenging construction sites in the world.
